NCAA Men BB	84	-\$1.16	45%
NBA	11	-\$1.94	45%
NCAA Women BB	6	-\$1.76	17%

Key Insight: Score vs Profitability

Lower-conviction alerts outperform mid-range signals

0.55-0.59 bucket

91 trades, +\$2.20 P&L, 49% win rate

Best risk-adjusted returns

0.80+ bucket

3 trades, +\$1.14 P&L, 100% win rate

Perfect but rare signals

Mid-range (0.60-0.79)

66 trades, -\$2.42 P&L, 40% win rate

Possible noise on hyped games

Roadmap

NOW

- Collect settlement data (fill bug fixed)
- Run feature attribution on 160 trades
- Monitor category-level P&L
- Skipped trades dashboard live

2-3 WEEKS

- Adaptive category weighting (+/-10%)
- Grid search: half_life, flip_threshold
- Feature co-occurrence win rates
- Weekly automated optimization cron

1-2 MONTHS

- Score-scaled position sizing (Kelly)
- Market-type-specific models
- External data (DraftKings odds)
- ML model trained on settled outcomes

PROGRESS
